

Fellowship for the Future Cohort 2 Application open January 4 - January 31, 2021!

Supporting Women of Color Leading in STEMM

Science, Tech, Engineering, Math, & Medicine (STEMM)

A two-year leadership program for Women of Color focused on increasing equity, inclusion, accessibility, and social justice in STEMM via community-based outreach projects.

Fellows will carry out a proposed project and receive:

- A one-time \$7,500 honorarium
- An annual \$1,250 in supplementary project funds
- Support, community, and resources provided from networking with previous fellows, the Fellowship for the Future team, and the broader 500 Women Scientists leadership team and advisory board
- Travel funds to attend in-person 500 Women Scientists meetings (pending CDC pandemic recommendations)
